

New Bell Ringer Application Form

St Mary and All Saints Church
Church Lane
Whalley. BB7 9SY
email: bellringers@whalleypc.org.uk

Learning to ring church bells takes considerable time and commitment from both you, the student and the teacher.

As a student, you will be required to attend new starters ringing sessions where experienced ringers will teach you the bell handling skills that will allow you to progress to the beginners' ringing sessions where you will ring with others and improve your bell handling skills.

Once you have reached the standard to ring rounds and call changes with others, you will be encouraged to ring for the Sunday service at least once per month.

Please fill out the new bell ringer application form below, either directly on your computer, or in writing. This information will be stored securely and used to contact you as part of our normal bell ringing activities.

Your name:

Address:

Are there any medical (eg diabetes, epilepsy) or dietary concerns that we should know about?

This will not preclude you from ringing, but notification now will help in the event of a medical problem.

Please give any relevant details below or state "NONE":

- I have been shown and understand what is involved in bell ringing and I am aware of the hazards present.
- I give my permission to be registered on the Association of Ringing Teachers online system to allow access to ringing resources and monitoring progress. <https://bellringing.org/>
- I understand there will be a charge of £10 for a Ringers Personal Progress Logbook and Ringers Guide to Learning the Ropes. It is also suggested that a voluntary donation of £40 is given directly to church funds for the ongoing maintenance of the bells and to show your commitment to learning to ring.
